UA-100 Series
Fingerprint Time Attendance Terminals

UA-130   UA-140   UA-150

UA-100 series are fingerprint time & attendance terminals with simple access control functions, which can connect with a third party electric lock, exit button. The 2.8 inch TFT screen can display more information vividly, including fingerprint image and verification result, etc.

TCP/IP communication is a standard function which makes sure the data transmission between terminal and PC can be easily done within several seconds.

Optional internal backup battery insures the device working normally when the power cut off suddenly. It's an ideal product for SMB market.
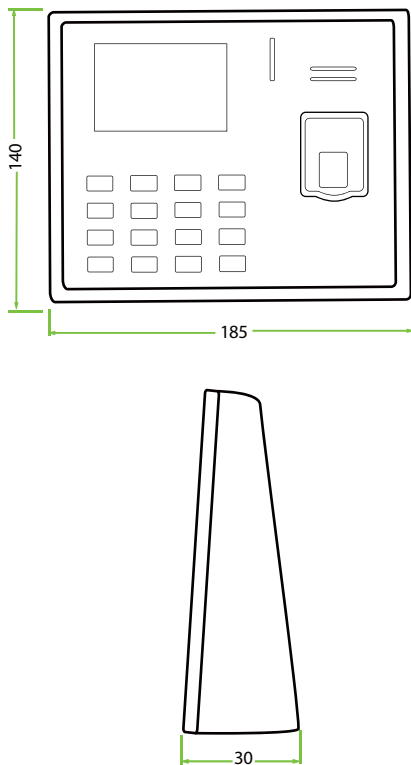

Features
