

# IVORY

## ADVANCED PIR MOTION DETECTOR WITH MIRROR OPTICS

- high quality segmented mirror
- advanced digital signal processing
- temperature compensation
- stepless sensitivity adjustment
- remote walk test triggering
- alarm memory feature
- built-in EOL resistors

### TECHNICAL DATA

|                                  |                  |
|----------------------------------|------------------|
| Environmental class              | II               |
| Protection class                 | Grade 2          |
| Detected target velocity         | 0,3...3 m/s      |
| Enclosure dimensions             | 57 x 123 x 42 mm |
| Operating temperature range      | -30...+55 °C     |
| Recommended mounting height      | 2,1-3 m          |
| Nominal supply voltage (±15%)    | 12 V DC          |
| Standby mode current consumption | 12 mA            |
| Max. current consumption         | 12 mA            |
| Weight                           | 112 g            |
