SpaceControl

Two-way wireless key fob with panic button

A key fob allows to quickly arm/disarm the security system, activate the Night mode for partial property protection, or notify other users and an alarm response company about an emergency.

Maximum Performance

- Communicates at a distance of up to 1,300 m from the hub

- Delivers a command to the hub within 0.15 s

- Command delivery indication with a LED-light

- Operates up to 5 years on the pre-installed battery

Easy to Use

- Large buttons for arming/disarming and activating the Night mode

- Panic button to call for help in emergency situations

Bulletproof Protection

Encrypted communication

Device forgery prevention
