

YBN-R/4(IS)

Conventional Intrinsically Safe Mounting Base

Features

- ▶ Low Profile, only 8mm
- ▶ Rugged design
- ▶ Dedicated cable screen terminal
- ▶ Accepts from 1 to 2.5 mm² cables
- ▶ Quick connection via square cable clamps
- ▶ Electronics free

Description

Model YBN-R/4(IS) is a Conventional Detector Mounting Base which should be used in conjunction with the SIL2 approved range of Intrinsically Safe detectors. It is supplied with square cable clamps for secure and reliable cable termination but the base does not provide line continuity during detector removal, therefore if Call Points are being used then these should be wired onto the zone first.

Specification (add details below)

Maximum Humidity	95%RH - Non Condensing (at 40 °C)
Colour / Material	Ivory or White / ABS
Weight (g) / Diameter (mm) / Height (mm)	51 / 100 / 8
