

ZEOS-BASE

Detectors Base

Standard Detector Base

ZEOS-BASE design and materials guarantees a proper electrical contact with detector head which is key to ensure a stable system. Mounting Zeos Base to uneven ceilings has been made easier because of narrow contact points.

Deep Detector Base

This mounting option enables external wiring conduits in locations like car parking, warehouses, etc.

TECHNICAL SPECIFICATIONS

COLOUR / CASE MATERIAL	White / ABS
DIMENSIONS	100 (D) x 10 (H) mm / 100 (D) x 30 (H) mm

ORDER CODE

ZEOS-BASE	STANDARD DETECTOR BASE
ZEOS-DEEP-BASE	DEEP DETECTOR BASE
