Easy smart lighting

Get your smart lighting system started with this Starter kit, which includes three smart bulbs with soft white light, the Hue Bridge and a Switch. It's a complete kit for custom control over your home lighting and all its great features.

Limitless possibilities

- Make it look like you're home with smart lights
- Come home to a house filled with light
- Away-from-home smart light control
- Control lights with your voice
- Mount the dimmer switch anywhere

Highlights

Make it look like you're home

Use the Philips Hue app to schedule light routines whenever you're away. Your smart lights will turn on at the times you've selected ? and sometimes a few minutes before or after ? to truly mimic your presence in the house.

Come home with light

Set your Philips Hue app to recognize when you're nearing home. Before you even step out of your car or walk up the path, your selected smart lights turn on automatically.

Control lights away from home

The Hue app gives you complete control over your lights, even if you're not home. Switch your lights off and on remotely using just the app to ensure your home is always lit the way you want it.

Control with your voice

When connected to the Hue Bridge, you can pair your lights with Alexa, Apple HomeKit, and the Google Assistant and control your lights using just your voice. Simple voice

commands let you turn your lights on and off, dim or brighten your lights, and even set a light scene.

Mount anywhere

The Philips Hue Dimmer switch functions as a normal wall switch and dimmer – but better. In addition to mounting with screws or strong adhesive tape, you can remove the magnetic control and carry it with you anywhere.

Specifications

The bulb

Fitting: E27
Form factor: A60
Lifetime: 25000 hour(s)
Wattage: 9.5 W
Number of switching cycles: 50000
Input voltage: 220V-240V
Lumen output: 1055 lm @ 4000K
Start up: Instant 100% light output
Length: 61 mm
Height: 110 mm
Width: 61 mm
Diameter: 61 mm
Max. operation power: 9.5 W
Max. standby power: 0.5 W
Color temperature: 2700K
Power factor: >0.5
Dimmable
Warm-up time: $<0.5s$, Instant on
Energy efficiency label: F

The switch

Batteries included
Configurable buttons
Frequency band: 2400-2483,5 MHz
Lifetime hour(s): 10000 clicks
Max Tap switches per bridge: 25 if no other switches linked
Max. lights per switch: 10 if not linked to Hue

bridge
Range: 10-15m
Mounting options: freestanding, wall
Switch depth: 11 mm
Switch height: 92 mm
Switch width: 35 mm
Weight of switch: 37 g
Wall plate depth: 14 mm
Wall plate height: 115 mm
Wall plate width: 70 mm
Weight including wall plate: 67 g

Environmental

Operational humidity: 5% $<H</math> $>95\%$
(non condensing)
Operational temperature: $-10^{\circ}\text{C} - 45^{\circ}\text{C}$$
